## Projects

- DDO Complaint Register System, Patan  
In this project users can write, and track the progress of their complaint with user-friendly UI, and also provided with a chatbot. We used HTML, CSS, JS, PHP, and MySQL in this project

- Jadeja Classes, Gondal  
In this project, we have made an interface for student to see online lectures, quiz platform and timetables with full attendance management system. We used HTML, CSS, JS, PHP, and MySQL in this project

- Sunshine Jewellers  
In these Project we Created a dynamic Website where Admin can add and remove images of the document and user can select the ornament unqiud and can go to contact page for futher buying process We used HTML, CSS, JS, PHP, and MySQL in this project

## Education Background

- Shakti higher secondary school, rajkot  
82%  
Completed in 2021
- Chandubhai s patel institute of technology  
Computer engineering ,  
untill 3rd sem - 9.28

## About Me

As a student pursuing a Bachelor of Technology in Computer Engineering, With keen interest in programming languages and software development, I possess a strong foundation in computer science fundamentals and have actively sought out opportunities to apply my skills in real-world settings. My dedication to learning and problem-solving has led me to participate in various coding competitions and hackathons, where I have honed my abilities to work collaboratively and under pressure. I am excited to contribute my skills and knowledge to a dynamic and innovative team in the field of computer engineering.

## Skills

| C++ | HTML | CSS | JAVA | PHP | NODEJS

## Achievements

We got selected at Final round of 'Azadi ka Amrut Mahotsav' for state level  
**CodeChef** Rating(1120)  
**Leetcode** (50+ Problems)

## Volunteer | Coordinator

- Volunteer in Coding competition(CodePie 3.0) in Charusat University.
- Core Team Member competition(SQL Wars) in Charusat University.
